COVERAGES

**For Limits of Liability and additional benefits,
See Page #16-17**

ENGINE PROTECTION

ENGINE: All internally lubricated moving parts including; crankshaft and bearings; water pump; oil pump; internal timing gears or chains; camshaft and bearings; valve lifters; rocker arm assemblies and push rods; valve guides; pistons and rings; wrist pins; connecting rods and distributor drive gear. Engine block and cylinder heads are covered if damaged as a result of the failure of an internally lubricated moving part. (Damage caused by broken or damaged timing belts are not covered)

SEALS AND GASKETS: Head gasket; intake gasket; front and rear crank seals. (Only available on vehicles with less than 150,000 miles on the odometer at contract date) Some seepage of fluids from seals or gaskets is normal over time and mileage; and is not considered a failure.

POWERTRAIN PROTECTION

COVERS ALL COMPONENTS LISTED UNDER "ENGINE PROTECTION" ABOVE PLUS:

TRANSMISSION/TRANSAXLE: All internally-lubricated parts including the torque converter. Cases are covered if damaged as a result of the failure of an internally-lubricated moving part.

TRANSFER CASE: All internally-lubricated parts of the transfer case. Cases are covered if damaged as a result of the failure of an internally-lubricated moving part.

FRONT/REAR DRIVE AXLES: All internally-lubricated parts inside the front or rear drive axle housing, including drive axle differential.

SEALS AND GASKETS: Head gasket, intake gasket, front and rear crank seals. (Only available on vehicles with less than 150,000 miles on the odometer at the contract date). Some seepage of fluids from seals or gaskets is normal over time and mileage, and is not considered a failure.

Components not listed are not covered!

PLUS PROTECTION

COVERS ALL COMPONENTS LISTED UNDER “ENGINE PROTECTION” AND “POWERTRAIN PROTECTION” ABOVE, PLUS:
HEATING/COOLING: Radiator, radiator fan motor, heater core, hot water valve, blower motor.

POWER STEERING: All internally-lubricated parts of the rack and pinion or steering gear box. Internal moving parts of the steering pump.

AIR CONDITIONING: Compressor, evaporator, condenser, expansion valve, receiver dryer, blower motor.

ELECTRICAL: Starter, alternator, front wiper motor, power door lock actuators and switches, power window motors and switches

FUEL DELIVERY: Fuel pump, fuel tank, metal fuel lines.

EXTRA PROTECTION

COVERS ALL COMPONENTS LISTED UNDER “PLUS PROTECTION” ABOVE, PLUS:

Primary electronic control modules; powertrain electronic control modules; fuel injectors; cam shaft sensors; crank shaft sensors; headlight switch; rear defrost switch; turn signal switch.

OPTIONAL SURCHARGED COVERAGE

If the appropriate surcharge is selected and paid for at time of contract purchase, the following components are also covered:

TURBOCHARGER/SUPERCHARGER: All internally-lubricated parts of factory-installed turbocharger/supercharger. Turbocharger/supercharger housings are covered if damaged as a result of the failure of an internally-lubricated moving component.

HYBRID-ELECTRIC/ELECTRIC DRIVE: Power inverter; converter; battery used to power the electric motor.

COVERAGES

Components not listed are not covered!

OPTIONAL MAINTENANCE BENEFITS

If checked off and paid for at time of original contract sale, reimbursement for the following maintenance benefits will be provided for the term of Your Contract.

BASIC MAINTENANCE BENEFITS:

Maintenance Service Description: Inspection, Tire Rotations, Brake pads or Rotor replacement, Battery Replacement, Oil change, Coolant Flush, or Alignment

Frequency of Reimbursement: 3 TOTAL for the life of the contract (1 Maintenance Service Per Visit)

Amount Reimbursed: \$50.00

ENHANCED MAINTENANCE BENEFITS:

Maintenance Service Description: Inspection, Tire Rotations, Brake pads or Rotor replacement, Battery Replacement, Oil change, Coolant Flush, or Alignment

Frequency of Reimbursement: 3 TOTAL for the life of the contract (1 Maintenance Service Per Visit)

Amount Reimbursed: \$75.00

HEAVY DUTY MAINTENANCE BENEFITS:

Maintenance Service Description: Inspection, Tire Rotations, Brake pads or Rotor replacement, Battery Replacement, Oil change, Coolant Flush, or Alignment

Frequency of Reimbursement: 3 TOTAL for the life of the contract (1 Maintenance Service Per Visit)

Amount Reimbursed: \$110.00

Please check with your selling dealer for available services; if they are unable to service the vehicle you may call Us to obtain prior authorization to have your vehicle serviced at a different authorized repair/maintenance facility. **Maintenance other than what is specifically listed in the table above is not covered for any reason.**

* LIMITS OF LIABILITY *

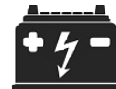

The above listed protection plans have a standard limit of liability equal to the following:

- a. \$4,000 for Engine repairs in the "Engine Protection Coverage" section above.
- b. \$3,000 total for Transmission/Transfer Case/Front and Rear Drive Axle repairs in "Power Train Protection Coverage" section above.
- c. \$1,500 total for all covered components listed under the "Plus Protection Coverage" section above
- d. \$1,000 for "Extra Protection Coverage" section above.
- e. \$1,500 for Turbocharger/Supercharger (if surcharge is selected and paid for at time of contract purchase)
- f. \$1,000 for listed Hybrid-Electric components (if surcharge is selected and paid for at time of contract purchase) and

*** If "Advanced Limit of Liability" Surcharge is selected and paid for at time of contract purchase the standard limits will increase to the following:***

- a. \$6,000 for Engine repairs in the "Engine Protection Coverage" section above.
- b. \$4,000 total for Transmission/Transfer Case/Front and Rear Drive Axle repairs in "Power Train Protection Coverage" section above.
- c. \$2,000 total for all covered components listed under the "Plus Protection Coverage" section above
- d. \$1,500 total for all covered components listed under the Extra Protection 'Miscellaneous' section above
- e. \$2,000 for Turbocharger/Supercharger (if surcharge is selected and paid for at time of contract purchase)
- f. \$1,500 for listed Hybrid-Electric/Electric Drive listed components (if surcharge is selected and paid for at time of contract purchase)

Additional Benefits

(Included with all Coverage plans)

All plans include: Towing up to 50 miles (for mechanical breakdown only) to a pre-approved repair facility; Jump Start (2x/month); Out of Fuel Delivery (up to 2 Gallons-1x/month); Flat Tire Change (with Your spare); Lockout Service (2x/year); and Navigation Assistance 24 hours a day for the term of this Contract.
